Town of Shutesbury, MA

POSTED IN ACCORDANCE WITH THE PROVISIONS OF MGL 30A §§18-23

The Town of Shutesbury is auctioning off a surplus fire truck. Item description is as follows:

- 1987 Ford C-8000 chassis with an E-One Sentry III aluminum fire body.
- Caterpillar 3208 250 HP diesel engine.
- Allison MT-643 automatic transmission.
- Hale QSF-125 1,250 GPM mid-ship pump.
- 1,000 gallon polypropylene water tank.
- Piped for deck gun.
- Aluminum hose bed covers.
- Two (2) 500 watt 120 volt telescoping scene lights.
- Ladders and suction hose included.

The Town of Shutesbury will be utilizing the website Municibid.com for this auction. This is a website specifically designed for municipalities to auction off surplus equipment and is open to the general public. Interested individuals can access the website at www.municibid.com. Follow the simple instructions to set up an account.

A full description of the truck, pictures and bidding instructions are available on the website. The auction will start on Friday, August 11 at 9:00 am and end on Thursday August 31 at 5:00 pm.

The truck can be viewed and inspected by appointment. Call 413-259-1211, the Shutesbury Fire Department to set up an appointment.
