Notes	<p>Main backhaul coming from Crown Castle- will hook up to MBI until it's ready for hook up. Passing up on Verizon. Total annual cost for backhaul will be a little over than what we projected = ~\$7K annually.</p> <p>Leverett is still working on getting up and running with Crown Castle. Installation is \$300/mo for 3 years. Crocker will be splitting the cost with us.</p> <p>No point in the ring because we are getting redundant connections with Crown Castle and MBI.</p> <p>Clarification on policy questions:</p> <ul style="list-style-type: none"> • What happens if someone takes the router with them? Nothing, it really is owned by the person who is paying for service. If they take it with then next person signing up for service needs to pay for new router • People want connection – new installation. What do they pay to get the router? Full cost of router + installation <p>RECONNECT: Reconnection fee is \$250 Suggested policy: Turn on in first 30 days, \$50 crocker charge, then \$100 charge – split between Crocker and MLP, then \$150 with \$100 to MLP, etc.</p> <p>PAUSE: Phone reconnect- pause for \$8.95 a month, internet \$5 – keep the phone number and can make 911 calls, call billing office to restore \$50 for phone pause- \$45 to us and \$5 to Crocker \$58.95 for phone and internet pause</p> <p>Gayle will give a 1 minute update at town meeting- finances and sign up rate</p>
