SOLAR CELEBRATION SEPT. 4, BEHIND TOWN HALL!

ALL FOUR POLES AND 48 PANELS ARE UP AND OPERATING! The 4 panels are up and making electricity. A display panel on the ground was attached to and powering a fan. If you shadowed the sun with your arm or larger part of your body the fan slowed down. A young child pointed to the panels and said, “power.” A map of Shutesbury displayed yellow circles on 12 locations in Shutesbury where solar power, photo voltaic or thermal is making a difference. To view the solar production of the solar panels at the school go to soltrex.com and look for Shutesbury. Thanks to everyone for making this happen.

THANKS TO JOHN HAYMAN AND ALAN KURTZ FOR SUNSHINE SONGS AT THE CELEBRATION

THANKS TO THE SELECTBOARD CHAIR ELAINE PULEO, MEMBERS AL SPRINGER AND APRIL STEIN, TOWN ADMINISTRATOR BECKY TORRES AND LIBRARY DIRECTOR
