

Shutesbury Board of Health
November 17, 2021, 7 pm
Virtual meeting

Present: Catherine Hilton, chair; Wm Levine, Norene Pease, Arleen Read, Garrett Simonsen, board members.

Minutes of Nov. 3 approved

Updates: Greg Steve still waiting for hazardous materials results. Will report on progress in December.

Arleen authorized SES proposal for indoor snacks instead of outdoors when temperatures go below 40 degrees. Board agreed that she can make these decisions for the school and just inform us of them.

Norene observe large groups of unmasked persons listening to music at the AC. We will send out a public message advising people to be cautious (and get their flu shot), and adopting a no-news-is-good-news policy with regard to Covid statistics.

The board agreed to set an extra meeting to vote on signing the building permit application for the cell tower. However, the application was found to be changed so as not to require our signature so the meeting was cancelled.

OML complaint: a letter that we had not previously seen was sent to us the day before this meeting in case we wanted to respond. The board agreed to the response drafted by Cat. Also, Cat will contact the assistant AG in charge and make sure she understands that all the board members have the password to the BOH account, but three have never used it. We decided to change the password and limit access to Cat and Arleen.

Cat issued the DWCP 2021-1102 for 32 Leverett Road, the old parsonage. There was a paperwork hangup.

Adjourn 8 pm
