

LAKE WYOLA ADVISORY COMMITTEE
Minutes

October 21, 2023, at 9:00 AM
Via Zoom and Town Hall

Members present: Catherine Hilton, Art Keene, Howard Kinder, Mary David, Dave Green, Eric Stocker, and Mark Rivers

Guests: Bob Douglas, Tracy McNaughton

1. The minutes from the **October 23, 2023**, meeting was approved.
2. Update on Dam Inspections and Notice of Intent
 - a. The annual lake lowering will begin on November 1, lowering at approximately 2 inches per day depending on rain.
 - b. Work on selecting a dam engineering company is ongoing. Mark will contact Becky to get an update.

3. Culvert replacement project

Moving ahead and expected to be completed by November 15th

4. FRCOG Watershed-Based Plan

FRCOG is waiting for MA DEP to provide comments on the latest version of the Watershed-Based Plan.

5. Update on west-side stormwater design quote

Mark Contacted Nick Cristofori, at Comprehensive Environmental Inc. He is the Principal Engineer and Project Manager who did the watershed survey with FRCOG and provided a report that is included in the Lake Wyola Watershed-based plan. He agreed to provide a quote for a West-side stormwater management design. His contact information is: 603-261-3054. 41 Main St. Bolton, MA 01740, ncristofori@ceiengineers.com

6. Shore Drive Culvert Replacement

ConCom approved an emergency culvert replacement, and the project is scheduled to begin on November 23rd. Art will contact the LWA to confirm that the construction schedule will be communicated to local residents.

The meeting ended at 9:22

The next meeting is scheduled for November 18, 2023.
