

Open Space Committee
[virtual meeting] updating OSRP Plan

August 4, 2021
1:30pm

In attendance:

Tamsin Flanders, FRCOG

Penny Jaques & Gail Fleischaker, OSC

Completed review of 2012 Action Plan. Several goals and objectives in the old Plan are not realistic or practicable. OSC's intent for 2021-2027 Plan is to compile a shorter list with items that are truly actionable.

Section 4B of 2012 Plan (Documenting & Mapping Ecosystems) was written according to old FRCOG template. It is overly detailed and long; will be replaced by 3-paragraph section, first written for Conway's plan. (In any event, this section is not required by the state.)

Minutes approved by voice vote at end of meeting.
