The 250th Anniversary is a special time to celebrate the Shutesbury's beauty, history, culture, and spirited population. As the summer ends we hope you will join your neighbors and friends to dance on the beach under the full moon. There will be tables and chairs beyond the dance floor to snack and chat with folks that share your streets, woods and lake. There is ample parking at the DCR parking area.

Come out for this historic occasion, a time to put on fancy clothes and enjoy the evening. We are celebrating the past and embracing the challenges of the future.
